[REDACTED] Roger overwhelmed me with his vision and execution of the High Plains layout. If I were Italian, I'd cry for joy. George and Mike were superb in setting up and tweaking the layout. It was also nice to be able to get to know Mike better. Truly, everybody at Trainworx is competent, friendly, and dedicated. It has been a fine experience having the layout dreamed up and brought to reality. [REDACTED]

Thanks again for your support.
