Dear Dorcie:

What a terrific book. And, of course, the actual layout is magnificent.

It would be fun having a layout here at the office but I'm afraid it would be a personal indulgence. We just don't get that many visitors. We will keep it as a showpiece of the annual meeting.

If you have two more books, I can think of a couple of directors who would appreciate them.

A photo with you would definitely enhance my reputation. So whatever you and Deb work out will be fine.

Best,

Warren

P.S. I'm really looking forward to watching the faces of people viewing the layout on May 4.
